

LEXINGTON

THE TURNAROUND

SMART KID. DUMB CHOICES. ONE BIG TURNAROUND.

Lexington is thirteen and brilliant. He built a working robot out of his mom's vacuum cleaner in one weekend. But he can't remember to shower, brush his teeth, or listen to his parents, and the trouble never stops. Then one night he opens the Bible he forgot he had, and for the first time he prays on his own. With a little help from his big brother, Big Tony, Lexington learns day by day to listen, take care of himself, work hard, and grow into a young man of faith... until he can't remember the last time he got in trouble.
