

LEXINGTON

DOWN TO BUSINESS

THREE PARTNERS. ONE BUCKET. A LOT TO LEARN.

Lexington wants a 3D printer. He has two dollars and a library card. So Lexington, his best friend Jonathan, and his big brother Big Tony start the Suds Brothers Car Wash. They borrow from Dad and pay him back, stick to a budget, hunt for customers, and return a fifty-dollar bill they find under a truck seat. They pay their tithing, keep the Sabbath, serve the missionaries, and work out their first big partner fight. Along the way, Lexington learns what every dollar really costs: honest, hard work.
